## COLLECT CRITICAL DATA ABOUT YOUR BUSINESS AND REACT IN REAL-TIME

### i3'S POS INTEGRATION (PACDM™ + optional Smart-ER)

### i3'S POS INTEGRATION in 3 simple steps:

- Integrates with up to 150 cash registers

# 1

#### POS Integration

**Getting access to your transactional data has never been simpler!** i3's POS integration offers text overlay, which helps identify and eliminate losses due to frauds and theft.

# 2

#### PACDM™

**Enjoy this powerful data mining tool and receive data in real-time.** PACDM is a database that collects all the information necessary to complete query transactions and setup notifications. It is ideal when requiring data from one location at a time.

# 3

#### Smart-ER (Optional)

**Are you managing multiple locations centrally?** Smart-ER is the solution to centralizing your data, complete global query and setup notifications across multiple locations.
