

## SRX-PRO

SRX PRO SRX-Pro 5.0 is i3 International's latest digital video management software. This new release features enhanced functionnality for a user-friendly and flexible remote video viewing experience

#### A POWERFUL DIGITAL VIDEO MANAGEMENT SOFTWARE

Available on IOS, Android

- Experience great peace of mind with the new Server Auto Upgrade feature.
- Searches are made easy with the improved image pop up, a part of the search function.
- Supports direct backup to Dropbox folder; sharing videos just got easier!
- An affordable solution for analog systems! SRX-Pro 5.0 supports i3's embedded DVR system.

# Boosted performance, seamless experience!

SRX-Pro server/Remote 5.0 can support more IP cameras at a higher frame per second than ever before! This added performance makes for a smooth multi-viewing experience. The main viewing monitor now offers dDisplay and this release supports a full-screen Joystick camera control for quick review of live footage and precise searches.

## The tools to work efficiently

SRX-Pro 5.0 is easy to use on a computer or with a remote connection through mobile devices. Integrated with Alert center, you can receive alerts in realtime from anywhere and review the footage within seconds.

Video sharing is simplified with a backup to Dropbox.

SRX-Pro Server/Remote 5.0 offers the flexibility and reliability of a powerful video management software and is designed to give you the potential of turning it into a cost-effective tool that can serve multiple areas of your business!

# Supports Loss Prevention & Operations all at once

Optional intelligent features such as PACDM for text overlay help identifying potential frauds while the LPR (License Plate Recognition) module will store data on the server and send alerts based on pre-set triggers.

With HeatMap and Region Count, the user can draw a box directly on the screen and within seconds, can understand traffic and dwell time in that area. Door Count is also available with SRX-Pro Remote 5.0. All the modules can be ordered at the time of purchase or at a later date.
