For immediate release:

Re: End of Life for 4i and 5i Series Chassis Digital Video Recorders

To all of our customers and partners;

This is an official End of Life (EOL) notice for the following i3 International product:

Model Number	Model Description	Replacement Model (where applicable)
4i Series	4i Series Chassis Network Video Recorder	Coming soon U2 NVR
5i Series	5i Series Chassis Network Video Recorder	No Replacement

Once the current inventory of the above models is depleted, these models will not be re-ordered.

Where applicable, the above chart denotes the replacement model(s) for discontinued items.

Note: This is more of a chassis only change for the 4i Series as the internal components & capabilities remain the same. The new U2 chassis does not have the ability to house an internal PoE switch.

Therefore the 5i Series has no direct replacement.

i3 International will continue to support and service these products in accordance with the warranty policy. i3 International regrets any inconvenience this may have caused.

Please contact technical support if you have any questions or issues.
