**Re: End of Life for AD4016 capture card,
End of i3 2L1600, 4P1604, 5P1604, 6/7/8/9P1608, 6/7/8/9E3200 DVR/HVR Servers.**

To all of our customers and partners;

This is an official End of Life (EOL) notice for the following i3 International products:

Model Number	Model Description	Replacement Model (where applicable)
AD4016	16-channel capture card	HR16
2L1600	Compact DVR w/16 analog channels	2i0008 with HR16
4P1604	Compact Wallmount HVR w/16 analog channels	4i0000 with HR16
5P1604	Compact Wallmount HVR w/16 analog channels	5i0000 with HR16
6/7/8/9P1608	Rackmount HVR w/16 analog channels	6/7/8/9i0000 with HR16
6/7/8/9E3200	Rackmount HVR w/32 analog channels	6/7/8/9i0000 with HR16

Once the current limited inventory of the AD4016 capture cards is depleted, these models will no longer be manufactured. The above chart denotes the replacement model(s) for discontinued items.

i3 International will continue to support and service these products in accordance with the warranty policy.

i3 International regrets any inconvenience this may have caused.

Alternative solution for analog camera support: HR16, 16-channel video encoder. For more information on this model, please visit our website: www.i3international.com , Products > Video Products > Encoders.

Important: HR16 encoder requires analog licensing (purchased separately or in bundles).

Analog Channel licensing is supported by SRX-Pro Server v.3.3.3 and above only. When using HR16 with an existing HVR/NVR, SRX-Pro Server software must be upgraded to v.3.3.3.

Please consult with your Regional Sale Managers for more information.
