

Re: mSATA OS drive in 4- and 5- DVMS series

To all of our customers and partners;

i3 International is pleased to announce that effective immediately all 4- (4i, 4L, 4P) and 5- (5i, 5P) DVMS series will be built with mSATA 30GB OS hard drives to facilitate faster reboot times, improve stability and increase longevity of the system.

Windows 7 embedded operating system will now reside on the solid state 30GB mSATA drive. By default, all units will continue being supplied with one 1TB storage drive.

Please consult with your Regional Sales Manager for more information.

Thank you very much for your attention and cooperation.
