Re: i3 List of NDAA-compliant Products

We understand that product quality and service reliability are two vital ingredients for success in a competitive business environment. We conduct all business with integrity and deliver products that contribute to our stakeholders' growth and success. Below please find a list of NDAA-compliant software and hardware products.

WARRANTY: Most of our products come with 5-year manufacturer's warranty. We are sure we have the best warranty program in the industry. For more information, please visit: https://www.i3international.com/about-us/company-policies

QUALITY: We carry out quality control at least 3 times before the products are delivered to you and as a Canadian company with more than 30 years of experience in the industry, we can't be prouder of the quality of our products.

QUEUE TIME ANALYSIS: All queue time data is stored in the Cloud in order to centralize data access and prevent data loss at the store level.

PATENT OWNER: i3 is the owner of the POS data video text overlay patents. Any infringement of the patent can result in serious legal consequences. i3 shares a wide range of patents to cover i3's hardware technology and software applications.
