Re: i3Ai Service v7.1.2.59 Release Notice

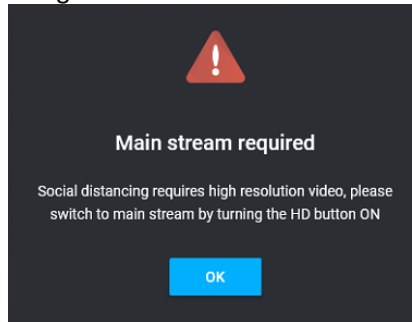

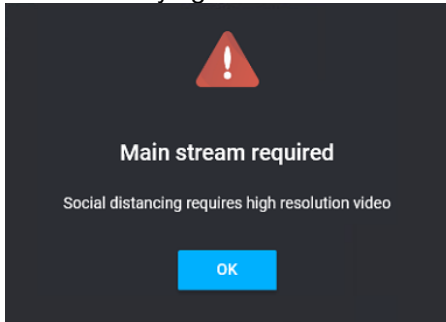

To all of our customers and partners;

This bulletin is the official notice of the **i3Ai Service v7.1.2.59**.

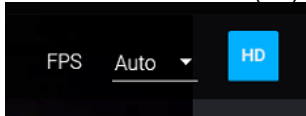

The new software installation package is now available for download from the i3 website:
<http://i3international.com/support/download>.

Improvements:

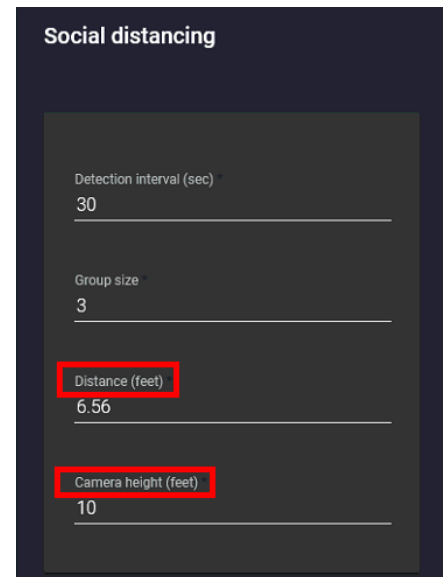

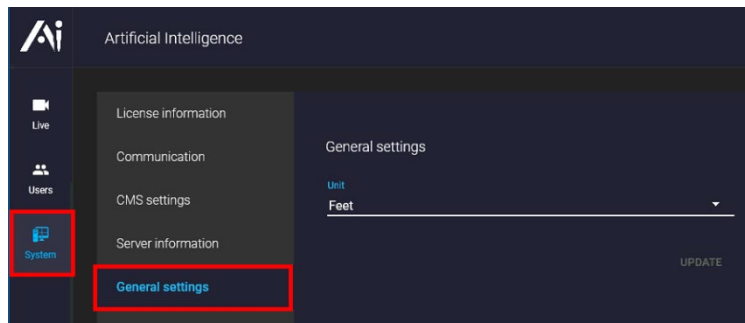

- For best performance, HD (main) stream is locked when Social Distancing feature is enabled (#35268) Warning prompts will be shown when trying to disable HD stream an Ai channel with Social Distancing enabled or trying to enable Social Distancing on a channel with HD turned off.

Click the **HD** icon to (re-)enable HD stream.

- Support Imperial measurement system in General Settings. (#35269) Social Distancing settings can now be set in either feet or meters. To switch to imperial measurement standard, go to **System > General Settings**, change the measurement Unit setting to “**Feet**” and click **UPDATE**.

- Update license agreement (#33987)

Fixed issues:

- Unable to add cameras connected via HR16v2 (#35178)
- When drawing a polygon Social Distancing region, last point is duplicated in the code, instead of being joined to the polygon starting point. (#34486)
- GUI memory not released after disabling Social Distancing feature. (#35271)

i3Ai v7.1 Compatibility Table.

Note: For i3 application compatibility, refer to i3’s Software Compatibility Chart technical bulletin on [Media Library](#) web page. Search **Technical Bulletins** > **Software** subfolder for the latest revision.
