Re: Video Pilot Client v7.3.2.189 Release Notice   January 23, 2025
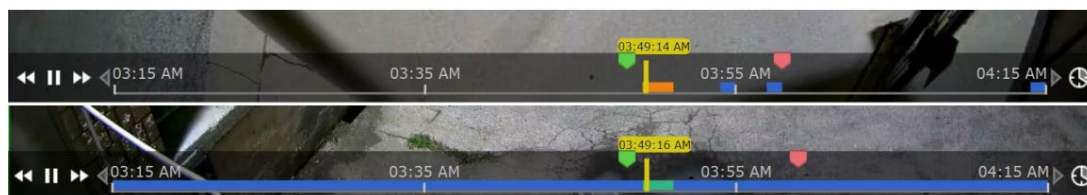

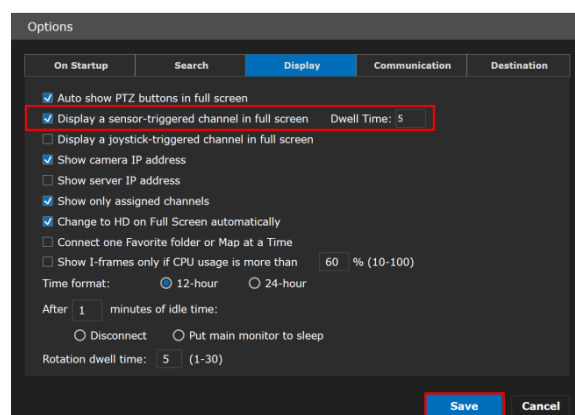

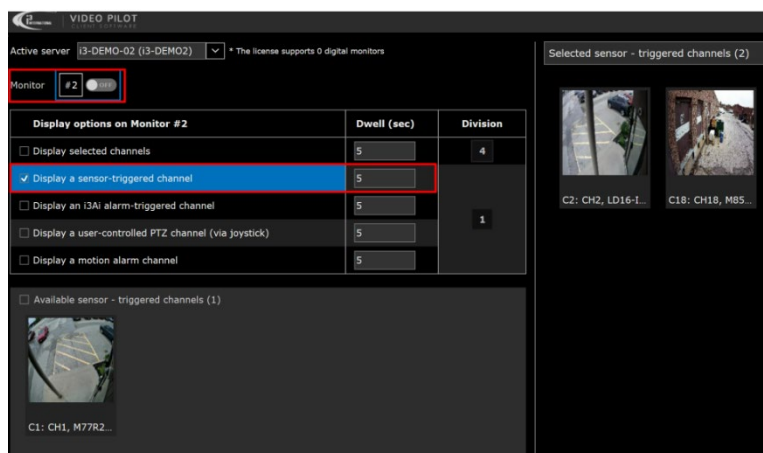

To all of our customers and partners;

This bulletin is the official notice of the Video Pilot Client **v7.3.2.189 (Build 22-Jan-2025)** release.
The new software installation package is now available for download from the i3 website:
https://i3international.com/support/download.

Effective **Friday, January 23, 2025** this release package will be used as the default Production software version for all standard NVRs. To continue receiving your NVRs with an earlier version of SRX-Pro/VPC v7, please speak to your RSM to arrange for a "Special Routing" to be created for your NVRs.

New Features

- Support **HALO 3C smart sensor integration**
    - Linked video channels shown in Full Screen mode in response to HALO 3C sensor trigger (#75490 | v7.3.2.165)
    - Linked video channels can be programmed to be shown on the External monitor (#75492 | v7.3.2.165)
    - Sensor event search (#75491 | v7.3.2.165)

For more information on HALO 3C integration, refer to the HALO 3C SRX-Pro Integration Guide.

- Support Dewarp – interactive view for supported fisheye cameras ([#73415](#) | v7.3.2.165).

  - **Interactive Fisheye View**
    The new Interactive Fisheye view lets you customize up to three regions of the fisheye image and display them as additional dewarped views within a quad layout. Simply drag and resize the color-coded, numbered zones directly on the fisheye image to set your preferred views.
  - With the **Preset & Tour** option, you can also create virtual fisheye presets and preset tours that can be launched anytime from the right-hand side pop-up menu. This feature was first introduced in the i3Host Video Streaming VOD module, and we're excited to now bring it to Video Pilot Client users as well.

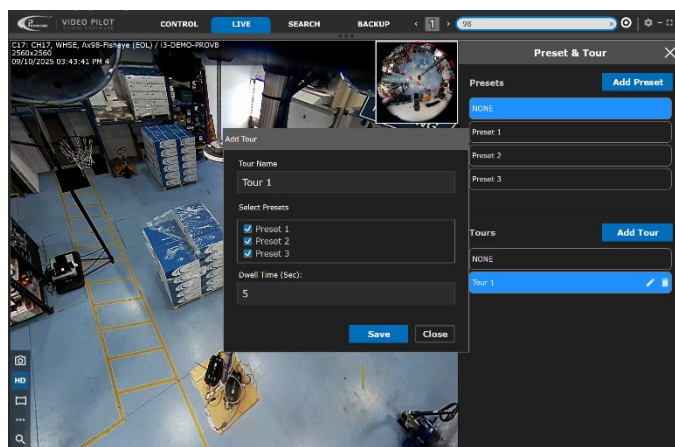

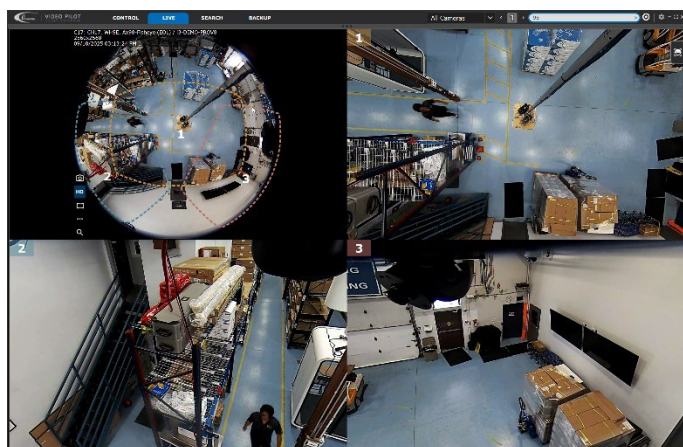

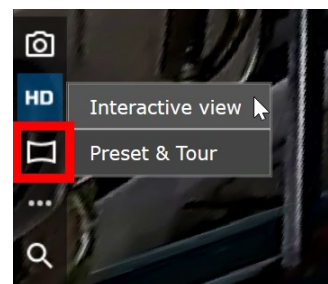

- **i3Ai Sentry Enhancements**
  - Add "Cloud Sync" checkbox and "Private"/"Shared" options for VPC ([#73972](#) | v7.3.2.165)
  - Auto-link FR channel and SRX-Pro channel ([#76079](#) | v7.3.2.165)
  - In History Faces show captured faces from all Facial Detection Channels, not only from the currently selected "linked" SRX-Pro channel ([#73973](#) | v7.3.2.165)
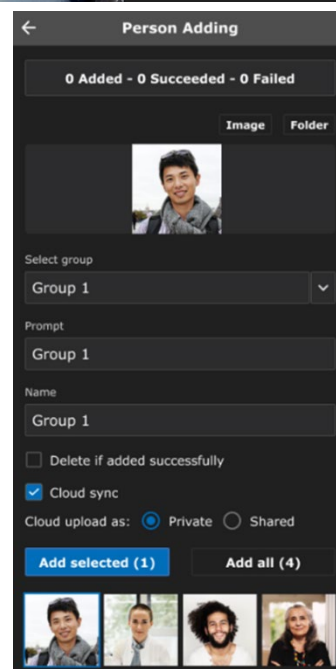

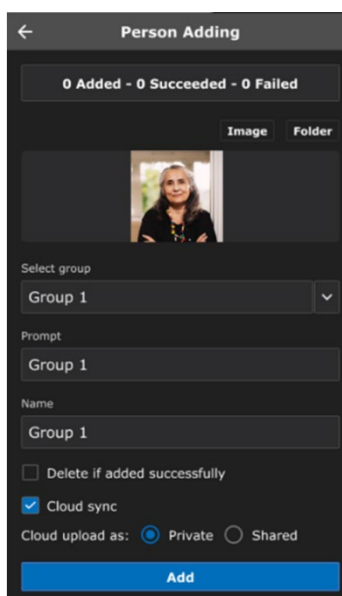

- Object search improvement (#73990 | v7.3.2.165). Search results are ranked by detected object changes. The top 5 are shown by default, with the option to display more without rerunning the search. This improvement shows more relevant search results.

Improvements

- **Backup Configuration Enhancement:** VPC now creates daily backup folders (backup_yyyymmdd), keeping up to 4 recent versions and automatically deleting the oldest to save space. (#73020 | v7.3.2.165)
- Search mode: GUI improvement for i3c file offline search (#74744 | v7.3.2.165)
- LPR: Support showing Group info for License plate (#7-4746 | v7.3.2.165)
- Improve downloading NVR from i3Host (requires i3Host 5.0 and CMS 6.7) (#77492 | v7.3.2.185)
  - With Master Admin/Admin/Dealer accounts, download NVR list of each company for faster loading and better i3Host performance
  - Launch VPC from i3Host also retrieves Relay Server info
- In Support new Ai features (*Engagement, Trajectory, CSM – in testing stage*); show tracker and alarms (#77813 | v7.3.2.185)
- Move config folder from C:\Documents to installation path to avoid conflicts with OneDrive/Dropbox. (#75218 | v7.3.2.185)
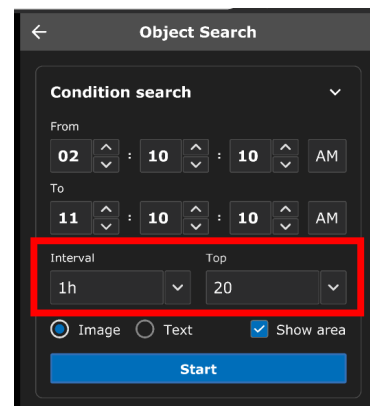

Fixed Issues

- Fixed: VPC now launches correctly on fresh installs when Google Drive is mapped to drive letter D (#74730 | v7.3.2.165)
- Performance Improvements: Enhanced LPR handling, resource cleanup, and logging. (#75718 | v7.3.2.165)
- Fixed: VPC Digital Zoom in-cameo navigation not working (#79416 | NCR#: 2020 – v7.3.2.185)
- Fixed: VPC camera zoomed in intermittently (#76012 | NCR#: 2016 – v7.3.2.185)
- Fixed: User exit, repeated disconnect in VPC using i3Host credentials (#72933 | PAR#: 212 – v7.3.2.185)
- Improved i3Host integration with clearer download flow, better handling for multi-company accounts, support for simultaneous NVR downloads, and optimized performance. (#77492 | v7.3.2.185)

VPC v7.3 Compatibility Table.
Note: For i3 application compatibility, refer to i3's Software Compatibility Chart

i3 Application / Device	Compatibility
SRX-Pro	SRX-Pro v7.3.2.189 and higher
PACDM	PACDM v7.27.2.0 or higher PAC Converter v3.7.2.80 or higher
i3Ai	i3Ai v7.3.2.175 or higher
CMS	CMS v6.7.2.0 and higher
i3Host	i3Host v5.0 and higher
