Re: Windows XP Shortcuts

i³DVR DVMS Ultra Lite (UL6010/UL6016) and Lite (PL12010/PL12016) units run on Windows XP Embedded edition. All other DVMS series run on Windows XP Professional edition. Depending on the Windows OS edition, a number of Windows shortcuts are available.

**Note: SRX-Pro Server does not have to be closed for Windows shortcuts to work.*

XP Professional edition shortcuts

Ctrl + Alt + C - Launch Calculator
Ctrl + Alt + E - Eject USB Device
Ctrl + Alt + I - Open Internet Explorer
Ctrl + Alt + K - Launch On-screen Keyboard
