Re: Video Pilot Client v5.0 Release Notice

To all of our customers and partners;

This bulletin is the official notice of the release of VPC v5.0

The software installation package can be downloaded from i3's website:
<http://i3international.com/index.php/software-downloads>

Features include:

- Supports SRX-Pro Server versions from 3.0 to 5.0
- Supports Heatmap function
- Supports an option to display a joystick-triggered channel in full screen
- Supports downloading SRX-Pro Server list from CMS Server (note: requires additional configuration on CMS Server)
- Added option to display PTZ joystick control in full screen
- Added option to backup data to a server Dropbox folder
- Supports an option to display a sensor-triggered channel in full screen.

Improvements:

- Improved simplified backup process
- Improved fisheye dewarp
- Various small updates for better user experience.

If you have any questions regarding the new software please consult with your Regional Sales Manager for more information.

Thank you very much for your attention.
