Re: SRX-Pro Service/Remote v6.0.2.37 Release Notice

To all of our customers and partners;

This bulletin is the official notice of the upcoming SRX-Pro Service, Console and Remote **v6.0.2.37** release scheduled for **March 5, 2018**.

Once released, the software installation package will be available for download from the i3 website: <http://i3international.com/software-downloads> and will be installed on all NVR units built in the factory from March 5, 2018 onward.

Reminder: SRX-Pro Server v.6.0 onwards is available in 64-bit version only. Because no 32-bit version package is available, legacy ADIO1616 I/O board (control card) will not be supported. Use WDT/WDT-22 I/O boards or UIO8 device instead.

v6.0.2.37 Improvements include:

1. Ax63Z Improvements:
 - a. Joystick control has been improved. (No longer have to return to center after each command).
 - b. Increase PTZ speed by increasing pressure on the joystick controller in the chosen direction.
 - c. Maintain sharp focus during optical zoom.
2. Axis camera compatibility issues resolved
3. SRX-Pro GUI correction for 1024x768. (On the previous version, License Management button was not visible at that resolution).
4. Customized Dropbox access issue resolved
5. Region Count detection schedule data mismatch issue resolved
6. License Agreement updated
7. Other performance improvements, incl. backup stability improvements

With any pricing questions, kindly contact our Customer Care department at 1.866.840.0004.
