Re: Annexxus Configuration Tool v1.5.2.1 Release Notice

To all of our customers and partners;

This bulletin is the official notice of the release of Annexxus Configuration Tool v.1.5.2.1.

v.1.5.2.1 Improvements include:

New Features:

- Support new cameras: Annexxus 98

Improvements:

- Support new password rule for Annexxus 78 and Annexxus 98 cameras (firmware v.5.4.5 and above)
- Set Password to multiple Ax78 and Ax98 cameras at-a-time

Limitations:

Video Settings changes for muti-input cameras (Ax78, Ax98) is not supported via ACT. To make changes to the camera settings, connect to the web GUI of the camera through Internet Explorer.

Setting Password on an Ax98 camera:

To activate and secure access to your camera, you must first set the password for the administrative user account (i3admin). Your camera will remain **inactive** and **inaccessible** until administrative password is set.

1. Connect your Annexxus 78R/98 camera to the Gigabit switch.
2. On your i3 NVR, launch i3 Annexxus Configuration Tool (ACT) v.1.5 or higher.
   You can download and install the latest ACT installation package from i3 website:
   https://i3international.com/download
3. In the model drop-down list, select ANNEXXUS 78 or 98. Security status will say "**inactive**".
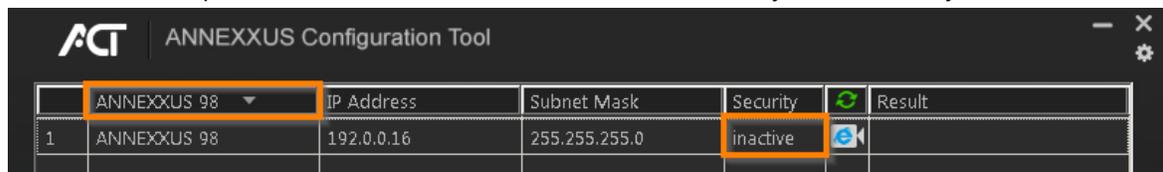

4. Select one or more cameras in the list.

5. In the Global Camera Settings, click **Set Password**.

6. In the *Set password* window, enter the new password in the **Password** and **Confirm Password** fields. Follow secure password guidelines. Click **OK**.
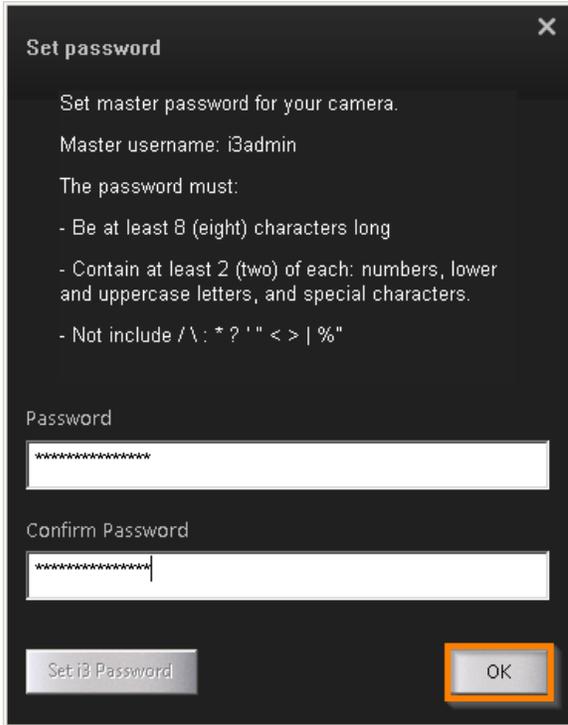

7. The new administrative password will be assigned to camera(s). Wait until the Security status changes to "**active**".
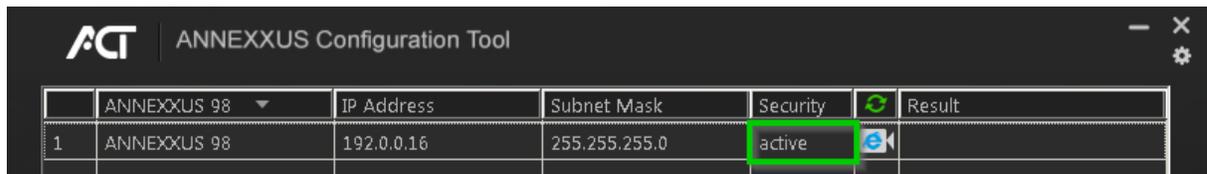

8. Assign new IP address (range) to your active Annexxus 78/98 cameras. First, select Annexxus 78R/98 camera in the list.

9. Uncheck "Default Account" and enter "i3admin" into Username field and the new administrative password (set in Step 6) into Password field.

10. Enter the new IP address and Subnet Mask under Device(s) Communication Update

Falls, NY 14305

11. Click **Update**.

12. Wait a few moments for a "Success" message in the Result field.

Result
Success

13. Repeat Steps 7-11 for all detected Annexxus 78R/98 cameras in the ACT until each camera has a *unique* IP address.

14. To confirm your camera's new IP address, click the IE icon next to each camera.

In the IE browser, enter administrative Username (**i3admin**) and (new) Password and click LOGIN. Annexxus camera interface will be displayed in the Internet Explorer window. You should be able to see the camera image on the screen. If you do not see the camera image on the screen, call i3 International technical support team for troubleshooting tips: 1.877.877.7241
