Re: Annexxus Configuration Tool (ACT) v1.9.2.8 Release Notice

December 2, 2022

To all of our customers and partners;

This bulletin is the official notice of the **ACT v1.9.2.8** release.

i3 Annexxus Configuration Tool is an IP finder utility for convenient pre- and post-installation management of i3 IP devices, including cameras, encoders and UIO8 control/sensor device.

The newest released version of ACT can be downloaded on i3 website:
https://i3international.com/support/download > **SRX-Pro** > **SRX-Pro Add-ons** section

New Features / Improvements:
- Supports new i3 camera models: M79.

Improvements & Fixes:
- Allow simultaneous initial camera activation for Ax88 and M79 models
- Add *Sort by Model* function. To sort the IP device list by model, click on the highlighted space in the ALL MODELS column. Camera models will be sorted alphabetically A to Z. To sort Z to A, click on the sorting arrow again.

- Open Ax88 web browser in its required browser - Chrome instead of Internet Explorer.
- Improve initial activation speed for multiple M-series cameras.
- Support firmware update for the M-series cameras.

Limitations:
- Not all functions may be supported on Windows 11.

Please contact technical support if you have any questions or issues.
